(720)409-0007

Some additional information you should know, if you are injured on the job: An injured employee has the right to make a one-time change from an employer's list of authorized providers by giving notice within 90 days of the injury, but before he/she reaches maximum medical improvement.

The injured employee must request the change of medical provider in writing by submitting an approved Division of Workers' Compensation Form to the following parties:

- The Current Treating Physician
- The requesting treating Physician (this physician must be on the employer's designated provider list).
- The employer's authorized representative. The workers' compensation administrator.

The District's authorized representative is Katie Van Horn. After hours and for emergencies please contact Katie at (907)230-3383.

Our workers' compensation claims adjuster is CorVel (720-250-0700). I have read and understand the Rule 8 Procedure:
